About ICAIE

The conference offers an exceptional opportunity to engage with global researchers from more than fifteen countries, fostering international collaboration and knowledge exchange. Participants will benefit from keynote sessions delivered by world-renowned scientists who are leading innovations in their respective fields. The event provides strong publication opportunities, with selected papers appearing in prestigious SCI, Scopus, and WoS-indexed journals. Attendees can network with industry innovators, explore emerging research trends, and build valuable professional connections. In addition, the conference features specialized workshops and focused technical sessions on cutting-edge technologies, ensuring meaningful learning, hands-on exposure, and multidisciplinary insights for academia and industry.
